ABOUT THE FORTUNE 100 BEST COMPANIES TO WORK FOR® LIST METHODOLOGY

Fortune partners annually with **Great Place to Work®** to conduct the most extensive employee survey in corporate America to identify the 100 Best Companies To Work For®. Two-thirds of a company's survey score is based on the results of the Trust Index® Employee Survey, which is sent to a random sample of employees from each company. This survey asks questions related to employees' attitudes about management's credibility, overall job satisfaction, and camaraderie. The other third is based on responses to the Culture Audit®, which includes detailed questions about pay and benefit programs and a series of open-ended questions about hiring practices, methods of internal communication, training, recognition programs, and diversity efforts.
